Cudmore, Sidney Anthony, 1878 - 1945 Sept 30, 1919 (020)

September 30th, 1919

S. A. Cudmore, Esq.,
Dominion Bureau of Statistics,
Ottawa.

My dear Mr. Cudmore:

Many thanks for your letter informing me of your wish to resign your position as Assistant Professor of Political Economy in the University of Toronto. I will lay the matter of your resignation before the Board of Governors at its next meeting and they will decide when it should definitely go into effect.

Of course I had gathered from the newspapers that you had been appointed to the position of Chief of Educational Statistics and I am confident that the Department will have reason to congratulate itself that you have accepted the position. Your training and capacity I am sure will find large scope for usefulness to the public in this way, and may I express the hope that you yourself will find the work very congenial and increasingly useful. At the same time would you let me personally thank you for the very faithful services that you have rendered to the University of Toronto during many years. I recognise how steadfast you have been in your duties, and how thoroughly you have thrown yourself into your work. You leave behind you in Toronto many friends and we shall always be glad to see you back.

Will you be kind enough to give my own and my wife's warm regards to Mrs. Cudmore, who was always a very welcome visitor and a much appreciated member of the university society ?

With kind regards, I am,

Yours sincerely,

President.
